Mount Everest is significantly higher than Mount Kilimanjaro, standing at 8,848 meters (29,029 feet) – just over 2,950 meters higher. Both Everest Base Camp's – South and North – are below the summit of Kilimanjaro. Mount Kilimanjaro IS the view so it stands to reason that when you're hiking on it you're not going to see much. On the way to Everest Base Camp, however, you're surrounded by stunning views of the Himalayas. Senior citizen Walter Glover trained himself for high altitude climbing and raised over \$130,000 to combat childhood obesity. How did he do it? Learn about h...[Zum Hauptinhalt wechseln](#).
