Learn from the experts about all aspects of managing employee performance, including setting up systems and processes, performance measures, recognition and employee motivation. If people are the greatest creators of value in organisations, then good performance management is critical for organisational success. Employees must understand what's expected of them, and to achieve those goals they need to be managed so that they're motivated, have the necessary skills, resources and support, and are accountable. Performance management (PM) is a set of activities that ensure goals are met in an effective and efficient manner. Performance management can focus on the performance of an organization, a department, an employee, or the processes in place to manage particular tasks. Performance management standards are generally organized and disseminated by ... - People Management And Performance
