The director's new film, *By the Grace of God*, retells the story of a paedophile priest. Ozon reveals how the victims' stories unlocked his own painful memory. Religion (from the Latin *Religio*, meaning 'restraint,' or *Relegere*, according to Cicero, meaning 'to repeat, to read again,' or, most likely, *Religionem*, 'to show respect for what is sacred') is an organized system of beliefs and practices revolving around, or leading to, a transcendent spiritual experience. Growth of religion is the spread of religions and the increase of religious adherents around the world. Statistics commonly measures the absolute number of adherents, the percentage of the absolute growth per year, and the growth of the number of converts in the world. Defamation of religion is an issue that was repeatedly addressed by some member states of the United Nations (UN) from 1999 until 2010. Several non-binding resolutions were voted on and accepted by the UN condemning "defamation of religion". - Religion In World Affairs
