Attachment-Focused Treatment Institute - we help families heal. The Attachment-Focused Treatment Institute is a collaborative venture of the Academy For Human Development's Graduate Counseling Program and The Center For Family Development. It certifies practitioners in Dyadic Developmental Psychotherapy. Adult "attachment" in the form of a deep psychotherapy relationship can lead to significant healing, years after a failed attachment during infancy. Attachment disorder is a broad term intended to describe disorders of mood, behavior, and social relationships arising from a failure to form normal attachments to primary care giving figures in early childhood. Such a failure would result from unusual early experiences of neglect, abuse, abrupt separation from caregivers between 6 months and three years of age, frequent change or excessive ...
