

Download Benefits Traditional Coppicing Craft

An Introduction to Coppicing. Duration: 4 days Starting: 28th October 2019 Fee: £240 This course will introduce you to the skills needed, to take a neglected broad-leaf woodland and transform it into a productive coppice with wildlife benefits. A Big Thank You to the Ernest Cook Trust! The Ernest Cook Trust, to mark their Diamond Jubilee year, have agreed to fund Coppice Apprenticeship in perpetuity, starting in 2012. Traditional country crafts seem to have practically died out in Britain, but on this walk through Perry Wood you'll see that one, at least, is still being practised. I agree for my details to be logged and passed on to the course organisers so that enquiries may be answered and/or courses booked. - Benefits Traditional Coppicing Craft
