

# Download Color In Your Garden

Color Garden offers pure natural food colors for baking. With these natural food dyes, add natural back to your baking with sugar glazes, royal icings, frostings for cakes, cookies and more. Living Color Garden Center has been serving the South Florida community since 1990, and offers 5 acres of plants, outdoor seating, garden supplies and accessories to beautify your home and garden. No matter what the situation, nature provides. Take shade, for instance. These 11 shade garden plants take varying amounts of shade and still add color, interest and beauty to your shade garden. When you get right down to it gardens are really about color. That color can come from flowers, foliage, bark, pottery, furniture, fences and even artwork, but in the end it is all about color. - Color In Your Garden
