This chapter provides an overview of developmental social work tracing its history, theoretical assumptions and strategies. It shows how developmental social work was influenced by the Global South. Key theoretical concepts used in the field are described. These concepts are consonant with social work's increasing emphasis on the strengths and empowerment approaches. Our technical staff are multi-cultural, dynamic individuals with deep roots and experience in the countries and communities where we work, and as a result have a strong desire to see our partnerships succeed. EDITORIAL COMMENT "The outcome of the revolution depends on whether the working class will play the part of a subsidiary to the bourgeoisie, a subsidiary that is powerful in the force of its onslaught against the autocracy, but impotent politically, or whether it will play the part of the leader of the people's revolution." First Quantum Minerals Ltd. has grown from a small mineral operation in Zambia into a multinational mining business in less than two decades, with a global portfolio of copper and nickel assets in Europe, Africa, Australia and South America. - Community Social Work Practice In An Urban Context : The Potential Of A Capacity-enhancement Perspective
