Thanks for stopping by here at GrahamRice.com, I've updated the site to include my recent activities. In Britain I'm now blogging for the top British mail order seed and plants company, Mr Fothergill's, so please take a look at my Plant Talk blog - it focuses on insight and background on a wide range of ornamentals and ornamental edibles. In North America I now have Graham Rice @ Organic ...*Sinningia* / s ? ? n ? n d ? i ? / is a genus of flowering plants in the family Gesneriaceae. It is named after Wilhelm Sinning (1792–1874), a gardener of the Botanische Gärten der Friedrich-Wilhelms-Universität Bonn. There are about 65 species of tuberous herbaceous perennials, all occurring in Central and South America, with the greatest concentration of species occurring in southern ...*Iris* is a genus of 260–300 species of flowering plants with showy flowers. It takes its name from the Greek word for a rainbow, which is also the name for the Greek goddess of the rainbow, Iris. Some authors state that the name refers to the wide variety of flower colors found among the many species. As well as being the scientific name, iris is also widely used as a common name for all Iris ...A little about our garden nursery: Plant Delights Nursery is an award winning online nursery in Raleigh, NC near Garner.
