

# Download High-risk Perinatal Nursing

Meet Our High-Risk Pregnancy Team. A high-risk pregnancy requires experienced care. The kind of care you and your baby will receive by the high-risk pregnancy team at Fort Sanders Perinatal Center where we've delivered more than 20,000 high-risk babies and have served women in East Tennessee for more than 20 years. Ambulatory Care Nurse. Ambulatory care nurses provide high quality nursing care in an outpatient setting. This type of nurse may work in a clinic, medical office, university health center, government institution or other healthcare settings where patients are not required to stay overnight. Sometimes, challenges arise during pregnancy that can affect your health or the health of your unborn baby. MultiCare's high-risk pregnancy care gives women with high-risk pregnancies the extra special prenatal care and attention they need. Edwards, Joan E., PhD, RNC, CNS, FAAN Associate Professor, Director - Center for Global Nursing Scholarship Room 7404 713-794-2125 jedwards3@twu.edu.
