Mankiw has been a research associate of the National Bureau of Economic Research, an adviser to the Federal Reserve Bank of Boston and the Congressional Budget Office, and a member of the ETS test development committee for the advanced placement exam in economics. From 2003 to 2005, he served as chairman of the President's Council of Economic Advisers. The book is just good as well-known, dealing with all basic economics issues providing ample explanations and examples. It will be a guidebook for those interested in economics and have no such relevant backgrounds. The only thing is that the book is somewhat inclined to the capitalism and thus the readers are required to have their own objective stance at the rationality of his argument for sound judgement.
