Natural wine is wine made with minimal chemical and technological intervention, both in growing grapes and making them into wine. The term is used to distinguish such wine from organic wine and biodynamic wine because of differences in cellar practices. Expect the link between technology and wine to expand, with new fine wine trading apps, AI, robots in vineyards, and more. Ditto more good bubbly, from just about every wine region in the world. It is the season of festivals and celebrations, and what better way to do it than opening a bottle of your favourite wine. There are a few things that you should have in your bar to have an altogether different experience. winologia, to autorska strona po?wi?cona uprawie winoro?li, winiarstwu i szeroko rozumianej kulturze wina - Real Wine The Rediscovery Of Natural Winemaking
