

Download Unpacking The Standards Powerpoints

---English Central has videos, captions, a microphone so the students can record themselves repeating the video, buttons that the students can click on to find out more about words they do not know, cloze sentences for the student to type in key words that are missing after they watched the video...STEM vs. STEAM . Much has been proclaimed about the need for more STEM “programs” in our schools. The logic is simple: the wave of future economic prosperity lies in a workforce that is well-versed in rising job markets like science, technology, engineering and math.Key Points: Shared standards Fingers used to reinforce standards These are expectations—not rules Explain why the student is making a good decision/solving problem/showing respectIt’s spring and you know that means it’s time for plant activities in the classroom! Learning about plant life cycles, parts of a plant, what plants need to grow...Some of the the links below are referral links, which means, I will earn a commission if you make a purchase, at no additional cost to you.
